## Who It Is For

---

-  Users needing blood oxygen and ECG monitoring
-  Fitness enthusiasts tracking workouts and sleep
-  Apple device owners seeking seamless integration
-  Individuals requiring fall and crash detection

## Who It Is Not For

---

-  Users prioritizing longer battery life than 36 hours
-  Those without Apple devices for ecosystem compatibility
-  Individuals needing stainless steel case options
-  People requiring water resistance beyond 50m

## Trade Offs to Consider

---

-  Battery life may decrease with frequent GPS use
-  Storage limits app installations and data retention
-  Aluminum case is lighter than stainless steel alternatives
-  Screen size is standard for smartwatch displays

## How It Compares

---

- Includes ECG and blood oxygen monitoring not found in older models
- New touchless interaction feature
- Includes Apple Fitness+ for three months
- Improved battery life over previous series

## Choose This If...

---

- ✓ Need advanced health metrics like ECG and blood oxygen
- ✓ Require fall detection and emergency SOS features
- ✓ Want seamless integration with Apple devices
- ✓ Seek a balance of style and functionality

## Skip This If...

---

- ✗ Prioritize longer battery life than 36 hours
- ✗ Need stainless steel case durability
- ✗ Require water resistance beyond 50m
- ✗ Desire more storage capacity than 32 GB
