Self-healing to repair minor scratches

QUANTITY

Includes 6 protective films

Who It Is For

-  Users with Garmin Forerunner 265 (46mm) smartwatches
-  Individuals seeking scratch-resistant screen protection
-  People wanting clear, distortion-free display
-  Users prioritizing easy installation and bubble-free application

Who It Is Not For

-  Owners of Garmin Forerunner 265s models
-  Users needing compatibility with other smartwatch models
-  Individuals avoiding self-healing technology
-  People requiring non-glossy finish options

Trade Offs to Consider

- Not compatible with other smartwatch models
- Requires careful installation to avoid bubbles
- Does not provide full waterproofing
- Limited to 46mm device size only

Users Say

● POSITIVES

- ✓ Clear and scratch-free display
- ✓ Easy to apply without bubbles
- ✓ Touch sensitivity remains unaffected

● COMPLAINTS

- ⚠ Not compatible with 265s models
- ⚠ Limited to 46mm device size
- ⚠ Does not offer full waterproofing

How It Compares

- Better than generic screen protectors for clarity and durability
- Less than full waterproofing compared to sealed cases
- More expensive than basic plastic films
- Not as versatile as multi-device protectors

Choose This If...

- ✓ You own a Garmin Forerunner 265 (46mm) smartwatch
- ✓ You want clear, scratch-resistant screen protection
- ✓ You prioritize easy installation and bubble-free results
- ✓ You need self-healing technology for minor scratches

Skip This If...

- ✗ You own a Garmin Forerunner 265s model
- ✗ You need compatibility with other smartwatch models
- ✗ You require full waterproofing features
- ✗ You prefer non-glossy finish options
