-  People needing professional-grade cameras
-  Individuals with strong eye sensitivity
-  Users looking for waterproof gear
-  People who prefer wired connections
-  Those needing extended battery life

Trade Offs to Consider

-  No audio recording capability
-  Limited lens durability in harsh conditions
-  Requires micro SD card for storage
-  No built-in microphone for voice capture
-  Battery life may vary with usage
-  Limited connectivity options

Users Say

● POSITIVES

- ✓ Great for capturing action videos
 - ✓ Comfortable to wear for long periods
 - ✓ Clear visuals for outdoor use
 - ✓ Easy to set up and use
 - ✓ Good for hands-free communication
-

● COMPLAINTS

- ⚠ No audio recording function
- ⚠ Battery life may not last all day
- ⚠ Lens may scratch easily
- ⚠ No waterproof rating
- ⚠ Limited storage capacity

How It Compares

- Less durable than waterproof action cameras
- Fewer connectivity options than smartphones
- Smaller storage capacity than smartphones
- No audio recording features
- Less versatile for professional use
- Not suitable for extreme weather
