## Who It Is For

---

- ✓ Professionals needing quick contact sharing
- ✓ Tech enthusiasts with NFC-enabled devices
- ✓ Active lifestyles requiring durable wearables
- ✓ Business owners seeking gift options

## Who It Is Not For

---

- ✗ Users without NFC-capable smartphones
- ✗ Those needing GPS tracking features
- ✗ Individuals requiring a touchscreen display
- ✗ People prioritizing battery life over convenience

## Trade Offs to Consider

---

- No GPS functionality for location tracking
- Limited customization without companion app
- Requires NFC compatibility for full features
- No built-in display for real-time data

## How It Compares

---

- NFC vs QR code sharing methods
- No GPS vs traditional smartwatches
- No display vs touchscreen bands
- Single-use vs multi-functional bands

## Choose This If...

---

- ✓ Need instant contact sharing without apps
- ✓ Seek durable minimalist wearable design
- ✓ Want gift options for business professionals
- ✓ Prioritize ease of use over advanced features

## Skip This If...

---

- ✗ Require GPS tracking capabilities
- ✗ Need a touchscreen interface
- ✗ Looking for long battery life
- ✗ Want multi-functional smartwatch features
