100cm USB Type A connector

COMPATIBILITY
Fenix 8/7/7S/7X/Instinct 3 E2/Epix Gen 2/D2 Air X10/Vivoactive 5

DESIGN
Magnetic snap-fit charging cradle

PROTECTION
Overvoltage/overcurrent safeguards

MATERIAL
Durable PC with soft ABS plastic

COLOR
Black cable with matte finish

Who It Is For

-  Owners of Garmin Fenix 8 smartwatches
-  Users needing magnetic charging convenience
-  Those requiring overcurrent protection
-  People who charge via USB ports
-  Individuals prioritizing durable materials
-  Users with multiple compatible Garmin models

Who It Is Not For

-  Users with incompatible Garmin models
-  People needing phone charging capabilities
-  Those without USB ports available
-  Individuals preferring non-magnetic designs
-  Users seeking data transfer features
-  People wanting color options beyond black

Trade Offs to Consider

-  Standard 100cm length may feel short
-  No built-in data transfer support
-  Limited to USB Type A connectors
-  Black color may not suit all preferences
-  Requires proper adapters for optimal charging
-  Not compatible with non-Garmin devices

How It Compares

- More compatible models than standard chargers
- Magnetic design vs. traditional connectors
- Built-in protections vs. basic cables
- Single cable vs. multi-device solutions

Choose This If...

- ✓ Need charging for listed Garmin models
- ✓ Value magnetic snap-fit convenience
- ✓ Require overcurrent protection
- ✓ Use USB ports for charging
- ✓ Prioritize durable materials
- ✓ Want simple, reliable connectivity

Skip This If...

- ✗ Need phone charging capabilities
- ✗ Prefer longer cable lengths
- ✗ Require data transfer features
- ✗ Want color options beyond black
