 **COMPATIBILITY**
Android 4.4+ and iOS 8.0+

Who It Is For

-  Women tracking menstrual cycles
-  Fitness enthusiasts with multiple sports needs
-  Users requiring call management features
-  Active individuals needing waterproof durability

Who It Is Not For

-  Users needing standalone GPS
-  Those without Bluetooth 5.0 devices
-  People requiring 7+ day battery life
-  Users prioritizing advanced health metrics

Trade Offs to Consider

-  Limited GPS functionality via smartphone
-  Shorter battery life compared to some models
-  Fewer customization options for dials
-  No advanced medical-grade health monitoring

How It Compares

- Offers IP67 waterproofing vs. basic water resistance
- Includes 123 sports modes vs. fewer standard options
- Supports Bluetooth 5.0 vs. older versions
- Shorter battery life vs. premium competitors

Choose This If...

- ✓ Need health tracking for menstrual cycles
- ✓ Require multiple sports mode options
- ✓ Want call management on-the-go
- ✓ Prioritize waterproof durability

Skip This If...

- ✗ Need standalone GPS functionality
- ✗ Require extended battery life
- ✗ Want advanced medical monitoring
- ✗ Need more customization options
