## Who It Is For

---

- ✓ Users with Garmin Vivoactive 5/4S/3 models
- ✓ Owners of Fenix 7/6 series smartwatches
- ✓ Venu Sq or Forerunner 245 users
- ✓ Those needing a stable charging stand

## Who It Is Not For

---

- ✗ Users with non-Garmin smartwatches
- ✗ Those requiring wireless charging
- ✗ People needing a shorter cable
- ✗ Individuals preferring plastic construction

## Trade Offs to Consider

---

- Cable length may be too long for small spaces
- Heavier than plastic alternatives
- No wireless charging capability
- Higher price than basic USB cables

## How It Compares

---

- Better than generic USB cables for durability
- Matches premium stands in compatibility
- Slower than wireless chargers

## Choose This If...

---

- ✓ Need charging for listed Garmin models
- ✓ Want aluminum durability
- ✓ Require fast USB charging
- ✓ Need a compact stand

## Skip This If...

---

- ✗ Require wireless charging
- ✗ Prefer shorter cable length
- ✗ Need a different color
- ✗ Looking for lower cost
