

Fitbit Versa Lite Edition Smartwatch with GPS

QUICK BUYER GUIDE

Fitness enthusiasts needing GPS tracking and 4+ day battery life

At a Glance Specs

 **BATTERY LIFE**
4+ days (varies with use)

 **GPS**
Built-in GPS for outdoor tracking

 **SCREEN SIZE**
1.34-inch LCD touchscreen

 **WATER RESISTANCE**
Water-resistant up to 50 meters

 **CONNECTIVITY**
Bluetooth and GPS connectivity

 **BAND OPTIONS**
Includes S and L bands

Who It Is For

-  Track daily activity and sleep patterns
-  Receive notifications from smartphone
-  Monitor heart rate during workouts
-  Need GPS for outdoor activities

Who It Is Not For

-  Users requiring 7+ day battery life
-  Those needing music playback
-  People with wrist sizes outside 5.5"-8.7"
-  Users wanting advanced swim tracking

Trade Offs to Consider

-  Shorter battery life vs. Versa model
-  No built-in music storage
-  Smaller screen compared to premium models
-  Limited band customization options

How It Compares

- Less battery life than Versa
- No music playback feature
- Smaller screen size
- Fewer workout modes

Choose This If...

- ✓ Need GPS for running or hiking
- ✓ Prioritize long battery life
- ✓ Want basic fitness tracking
- ✓ Need affordable smartwatch option

Skip This If...

- ✗ Want music storage capabilities
- ✗ Need advanced swim tracking
- ✗ Require 7+ day battery life
- ✗ Looking for premium features
