

Geekria VR Lens Cover for HTC Vive and Other VR Headsets

QUICK BUYER GUIDE

VR headset users needing dust and water protection for their display

At a Glance Specs

COMPATIBILITY

Fits HTC Vive and other VR headsets

MATERIAL

Made with polyester and cotton for durability

DIMENSIONS

16.5 X 15 X 9.4 inches when unfolded

WEIGHT

0.494 ounces for lightweight portability

PROTECTION

Blocks sunlight damage during storage

PACKAGE

Includes one stretchable lens cover

Who It Is For

- ✓ Users traveling with VR headsets
- ✓ Owners of HTC Vive VR systems
- ✓ People storing displays in sunny environments
- ✓ Those needing dust-resistant covers

Who It Is Not For

- ✗ Users without compatible VR headsets
- ✗ People who prefer no protective covers
- ✗ Those needing built-in display screens
- ✗ Individuals requiring permanent installation

Trade Offs to Consider

- Larger dimensions than standard covers
- No included VR headset
- Limited color options
- Requires careful folding for storage
- Not suitable for extreme weather
- Single-use design without replacements

How It Compares

- Stretchable design vs. rigid covers
- Dust/water resistance vs. basic covers
- Single-unit vs. multi-pack options
- HTC Vive compatibility vs. universal fits
- Lightweight vs. bulkier alternatives
- No included headset vs. bundled solutions

Choose This If...

- ✓ Need protection for VR display
- ✓ Travel with compatible headset
- ✓ Want lightweight portable cover
- ✓ Use HTC Vive or similar system

Skip This If...

- ✗ Don't own compatible VR headset
- ✗ Prefer no protective covers
- ✗ Need permanent installation
- ✗ Require extreme weather resistance
