 **THICKNESS**  
0.3mm ultra-thin design

 **CLARITY**  
99.99% anti-fingerprint coating

 **INSTALLATION**  
Bubble-free easy application

 **QUANTITY**  
4 pieces included in package

## Who It Is For

---

- ✓ Users with HUAWEI Watch GT4 46mm
- ✓ Those prioritizing scratch resistance
- ✓ Need clear touchscreen visibility
- ✓ Valuing simple installation process

## Who It Is Not For

---

- ✗ Owners of GT4 41mm or GT5 series
- ✗ Users requiring water resistance
- ✗ Those needing touchscreen sensitivity

## Trade Offs to Consider

---

- Not water-resistant
- Glossy finish may attract fingerprints
- Bubbles possible if not aligned properly

## How It Compares

---

- Superior scratch resistance vs. plastic alternatives
- Better clarity than oleophobic coatings
- More pieces than single-protector options

## Choose This If...

---

- ✓ Need 9H scratch protection
- ✓ Want clear touchscreen visibility
- ✓ Require 4 pieces for multiple devices

## Skip This If...

---

- ✗ Need water-resistant coverage
- ✗ Own non-compatible watch model
- ✗ Prioritize touchscreen sensitivity
