Who It Is For

- ✓ Ray-Ban Meta Wayfarer/Skyler Gen 2 owners
- ✓ Users prioritizing fast charging
- ✓ Those seeking safety features
- ✓ Travelers needing portability
- ✓ Users wanting a sleek design

Who It Is Not For

- ✗ Owners of non-Ray-Ban Meta smart glasses
- ✗ Users requiring non-magnetic charging
- ✗ Those without safety concerns

Trade Offs to Consider

- Slower charging than dedicated docks
- Limited to specific Ray-Ban models
- No GPS or advanced connectivity

How It Compares

- Faster than standard docks for Ray-Ban models
- Includes built-in USB-A port
- Offers LED status monitoring
- More compact than bulky docks

Choose This If...

- ✓ Need fast charging for Ray-Ban Meta glasses
- ✓ Value safety and portability
- ✓ Want a sleek, compact charger
- ✓ Require LED status monitoring

Skip This If...

- ✗ Use non-Ray-Ban Meta smart glasses
- ✗ Need non-magnetic charging options
- ✗ Don't prioritize safety features
