

RinoGear Fitbit Charge 6/5 Screen Protector (8-Pack)

QUICK BUYER GUIDE

Protects Fitbit Charge 6/5 screens with clear, flexible film—ideal for active users needing durable, error-proof installation

At a Glance Specs

MATERIAL
Flexible TPU with anti-shatter protection

SCREEN SIZE
Covers 1.57-inch display area

COMPATIBILITY
Fits Charge 6/5 with or without cases

INSTALLATION
Wet install method for precise alignment

DURABILITY
2H hardness resists scratches and impacts

REPLACEMENT
Includes lifetime voucher for free replacements

Who It Is For

- ✓ Users prioritizing clear touchscreen responsiveness
- ✓ Active individuals needing curved-edge protection
- ✓ Those requiring error-proof installation process
- ✓ Owners of Charge 6/5 with case compatibility

Who It Is Not For

- ✗ Users needing tempered glass durability
- ✗ Owners of devices with larger screens
- ✗ Those preferring no-installation options

Trade Offs to Consider

- Less scratch resistance than tempered glass
- Adds bulk compared to bare device
- Requires careful installation technique
- No permanent adhesive solution

Users Say

● POSITIVES

- ✓ Crystal clear view without visual distortion
- ✓ Easy to apply with no bubbles
- ✓ Replacement voucher adds long-term value

● COMPLAINTS

- ⚠ Not as durable as tempered glass alternatives
- ⚠ Limited protection for screen corners

How It Compares

- vs Tempered Glass: Less scratch resistance but easier installation
- vs Cases: Adds screen protection without bulk
- vs Film Only: Includes replacement guarantee
- vs Other Protectors: Curved-edge compatibility

Choose This If...

- ✓ You need clear touchscreen performance
- ✓ You want flexible, case-friendly protection
- ✓ You prioritize error-proof installation
- ✓ You need long-term replacement assurance

Skip This If...

- ✗ You require tempered glass durability
- ✗ Your device has a larger screen size
- ✗ You prefer no-installation solutions
