CAT EYE DESIGN

Fashion-forward frame style

SPRING HINGE

Adjustable temples for comfort

PATTERNED PRINT

Stylish visual texture

ONE-SIZE FIT

Standard frame size for adults

Who It Is For

-  Women needing reading glasses
-  Individuals sensitive to blue light
-  Fashion-conscious buyers
-  Those requiring multiple pair options
-  Users seeking stylish eyewear
-  People needing adjustable frame fit

Who It Is Not For

-  People with strong prescription needs
-  Minimalist design enthusiasts
-  Those prioritizing durability over style
-  Users requiring custom lens options
-  Individuals with narrow face shapes
-  People needing anti-reflective coatings

Trade Offs to Consider

-  Limited color options available
-  Less durable than prescription glasses
-  Potential discomfort with prolonged use
-  No UV protection feature
-  Fixed lens strength without adjustment
-  May require additional accessories

Users Say

● POSITIVES

- ✓ Stylish design complements outfits
- ✓ Comfortable for daily reading use
- ✓ Blue light blocking feels effective

● COMPLAINTS

- ⚠ Lenses may distort peripheral vision
- ⚠ Limited availability of color choices
- ⚠ Frame feels lightweight for extended wear

How It Compares

- Better than basic readers for fashion appeal
- Less durable than prescription-grade glasses
- More stylish than minimalist designs
- Fewer features than smart glasses
- More affordable than branded options
- Similar comfort to generic reading glasses

Choose This If...

- ✓ Want fashionable reading glasses
- ✓ Need blue light protection
- ✓ Require multiple pair options
- ✓ Seek stylish yet comfortable design

Skip This If...

- ✗ Need stronger prescription lenses
- ✗ Prioritize durability over style
- ✗ Require anti-reflective coatings
- ✗ Want minimalist aesthetic
