## Who It Is For

Own RayBan Meta or Oakley Meta smart glasses

Seek safe and stable charging solution

Want compact desk accessory with LED feedback

Looking for stylish charging station

## Who It Is Not For

Use other smart glasses not listed

Require higher than 5W charging

Don't want included cable or adapter

Prefers minimalist design over gradient finish

## Trade Offs to Consider

---

- Bulkier than some compact docks
- Limited to blue color option
- 5W output may be lower than some models
- Requires flat surface for stability

## How It Compares

---

- Compared to docks without safety chips
- Better than standalone stands without LED
- Includes full charging kit unlike partial options
- Stylish design vs. basic functional docks

## Choose This If...

---

- ✓ Need safe charging for RayBan Meta or Oakley Meta
- ✓ Want LED status and stable base
- ✓ Require included cable and adapter
- ✓ Prefers stylish desk accessory

## Skip This If...

---

- ✗ Have other smart glasses not listed
- ✗ Need more than 5W charging
- ✗ Don't want bundled accessories
- ✗ Prioritize ultra-slim design
